

SALEM BA ABBAD

Frontend & Mobile Developer • UI/UX Designer

+966509788768 | SALEM_BAABAD@outlook.sa | Riyadh, Saudi Arabia

[LinkedIn](#) [Portfolio](#)

PROFESSIONAL SUMMARY

Information Technology graduate with hands-on experience building responsive web applications and cross-platform mobile apps. Proficient in React, Next.js, React Native, TypeScript, and REST APIs. Built and deployed a live gold and silver price platform with real-time market data integration, serving 1,500+ website users and exceeding 20,000 views and visits. Seeking a frontend or mobile developer role to contribute technical expertise and UI/UX design skills.

WORK EXPERIENCE

Sales Associate & Data Entry Specialist

Arab Coin Company | Riyadh, Saudi Arabia | Oct 2025 – Present

- Maintained accurate customer and sales records using Microsoft Excel and Office tools.
- Managed daily data entry and verified records with a strong focus on accuracy and quality control.
- Supported daily business operations through organized documentation and data management workflows.
- Assisted customers and handled sales transactions in a fast-paced retail environment.

PROJECTS

Arab Coin Precious Metals Website

Tech Stack: Next.js, TypeScript, REST APIs, Tailwind CSS | [GitHub](#)

- Built a fully responsive Next.js website displaying live gold and silver prices with real-time data.
- Reached 1,500+ users and exceeded 20,000 views and visits, based on Google Analytics.
- Integrated REST APIs to fetch and display market price updates automatically.
- Designed responsive UI/UX layouts optimized for both mobile and large-screen displays.

Arab Coin Mobile App

Tech Stack: React Native, Expo, REST APIs | Deployed on [Android](#) | [iOS](#) | [GitHub](#)

- Developed and deployed a cross-platform mobile app for live precious metals prices using React Native and Expo.
- Recorded 200+ device registrations on iOS and 200+ on Android through Supabase device-token records.
- Integrated live market price feeds with push notification support for price alerts.
