PROFESSIONAL SUMMARY

Results-driven Full Stack Developer and Information Technology graduate with hands-on experience building scalable web and cross-platform mobile applications. Proficient in modern frontend frameworks (React, Next.js, React Native, TypeScript) and backend services (Node.js, Supabase, REST APIs, and database fundamentals). Built and deployed a live gold and silver price platform serving 1,500+ active users and exceeding 20,000 visits. Passionate about creating seamless user experiences and robust end-to-end architectures.

WORK EXPERIENCE

Sales Associate & Data Entry Specialist | Arab Coin Company

Riyadh, Saudi Arabia | Oct 2025 – Present

- Developed and deployed the company's official live gold & silver web and mobile platforms using Next.js and React Native.
- Maintained accurate customer and sales records using Microsoft Excel and Office tools.
- Managed daily data entry and verified records with a strong focus on accuracy and quality control.
- Supported daily business operations through organized documentation and data management workflows.
- Assisted customers and handled sales transactions in a fast-paced retail environment.

PROJECTS

Arab Coin Precious Metals Website

Tech Stack: Next.js, TypeScript, REST APIs, Tailwind CSS | GitHub

- Built a fully responsive Next.js website displaying live gold and silver prices with real-time data.
- Reached 1,500+ users and exceeded 20,000 views and visits, based on Google Analytics.
- Integrated REST APIs to fetch and display market price updates automatically.
- Designed responsive UI/UX layouts optimized for both mobile and large-screen displays.

Arabic Coin Mobile App

Tech Stack: React Native, Expo, Supabase, REST APIs | Deployed on Android & iOS | GitHub

- Developed and deployed a cross-platform mobile app for live precious metals prices using React Native and Expo.
- Recorded 200+ device registrations on iOS and 200+ on Android through Supabase device-token records.
- Integrated live market price feeds with push notification support for price alerts.

TECHNICAL SKILLS

- **Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, State Management (Context API / Redux)
- **Mobile:** React Native, Expo, Push Notifications, Cross-Platform Deployment
- **Backend & APIs:** Node.js, REST APIs, Supabase, PostgreSQL, Real-time Feeds, LLM Integration (OpenAI API)
- **Tools & Design:** Git, GitHub, GitHub Actions, Figma, Vercel, Microsoft Excel, Google Analytics
